About Bridges Healthcare:

Our mission is to promote individual and community health, wellness, and recovery through integrated behavioral health services. Founded in 1957, Bridges is a 501c3 nonprofit organization that provides a comprehensive range of outpatient mental health, addiction, primary care, community support, prevention, and intensive home-based services for children, adults, and families in Milford, Orange, Stratford, West Haven, and their surrounding communities. Since its inception, Bridges’ quality programs and services have helped individuals and families move toward healing and recovery.

About Folks on Spokes & Step Forward:

Each year for the last 30 years, hundreds of cyclists and walkers have joined together to raise funds and awareness for mental health and addiction recovery in support of Bridges Healthcare services. The event averages 300 attendees, including cyclists, walkers, and volunteers. Participants choose from 5 scenic courses along the Connecticut coastline – including a 5K walk and 5, 10, 20, and 40-mile bike routes. The start line begins at Fowler Field in Milford, and longer courses stretch through West Haven and Orange.
